## SECTION II: INFORMATION TO CONSULTANTS

### 2.1 Introduction

- 2.1.1 The NSSF will select a firm among those invited to submit a proposal, in accordance with the method of selection detailed in the appendix. The method of selection shall be as indicated by the procuring entity in the Appendix.
- 2.1.2 The consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the Appendix "ITC" for consulting services required for the assignment named in the said Appendix. A Technical Proposal only may be submitted in assignments where the NSSF intends to apply standard conditions of engagement and scales of fees for professional services which are regulated as is the case with Building and Civil Engineering Consulting services. In such a case the highest ranked firm of the technical proposal shall be invited to negotiate a contract on the basis of scale fees as stated in their submitted priced financial proposal. The proposal will be the basis for Contract negotiations and ultimately for a signed Contract with the selected firm.
- 2.1.3 The consultants must familiarize themselves with local conditions and take them into account in preparing their proposals. To obtain first hand information on the assignment and on the local conditions, consultants are encouraged to liaise with the NSSF regarding any information that they may require before submitting a proposal and to attend a pre-proposal conference where applicable. Consultants should contact the officials named in the Appendix "ITC" to arrange for any visit or to obtain additional information on the pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.
- 2.1.4 The Procuring entity will provide the inputs specified in the Appendix "ITC", assist the firm in obtaining licenses and permits needed to carry out the services and make available relevant project data and reports.
- 2.1.5 Please note that (i) the costs of preparing the proposal and of negotiating the Contract, including any visit to the NSSF are not reimbursable as a direct cost of the assignment; and (ii) the NSSF is not bound to accept any of the proposals submitted.
- 2.1.6 The procuring entity's employees, committee members, board members and their relative (spouse and children) are not eligible to participate.
- 2.1.7 The price to be charged for the tender document shall be Kshs.1, 000/= (One thousand shillings) or the documents may be downloaded from the website [www.nssf.or.ke](http://www.nssf.or.ke) free of charge. Interested consultants who download the document should send their particulars immediately through e-mail [tender@nssfkenya.co.ke](mailto:tender@nssfkenya.co.ke) for registration purposes before the tender closing date.
- 2.1.8 The procuring entity shall allow the tenderer to review the tender document free of charge before purchase.

The NSSF will respond by cable, telex, facsimile or electronic mail to such requests and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all invited consultants who intend to submit proposals.
- 2.2.2 At any time before the submission of proposals, the NSSF may for any reason, whether at his own initiative or in response to a clarification requested by an invited firm, amend the RFP. Any amendment shall be issued in writing through addenda. Addenda shall be sent by mail, cable, telex or facsimile to all invited consultants and will be binding on them. ## **2.8 Public Opening and Evaluation of Financial Proposal**

2.8.1 After Technical Proposal evaluation, the NSSF shall notify in writing those consultants whose proposals did not meet the minimum qualifying mark or were considered non-responsive to the RFP and Terms of Reference, indicating that their Financial Proposals will be returned after completing the selection process. The NSSF shall simultaneously notify in writing the consultants who have secured the minimum qualifying mark, indicating the date and time set for opening the Financial Proposals and stating that the opening ceremony is open to those consultants who choose to attend. The opening date shall not be sooner than seven (7) days after the notification date. The notification may be sent by electronic mail to the official email address in the technical proposal submission form.

The NSSF and firm will then work out final Terms of Reference, staffing and bar charts indicating activities, staff periods in the field and in the head office, staff-months, logistics and reporting. The agreed work plan and final Terms of Reference will then be incorporated in the "Description of Services" and form part of the Contract. Special attention will be paid to getting the most the firm can offer within the available budget and to clearly defining the inputs required from the NSSF to ensure satisfactory implementation of the assignment.
- 2.9.3 Unless there are exceptional reasons, the financial negotiations will not involve the remuneration rates for staff (no breakdown of fees) with an aim of reducing the financial proposal as submitted.
- 2.9.4 Having selected the firm on the basis of, among other things, an evaluation of proposed key professional staff, the NSSF expects to negotiate a contract on the basis of the experts named in the proposal. Before contract negotiations, the NSSF will require assurances that the experts will be actually available. The NSSF will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or that such changes are critical to meet the objectives of the

assignment. If this is not the case and if it is established that key staff were offered in the proposal without confirming their availability, the firm may be disqualified.

2.9.5 The negotiations will conclude with a review of the draft form of the Contract. To complete negotiations the NSSF and the selected firm will initial the agreed Contract. If negotiations fail, the NSSF will invite the firm whose proposal received the second highest score to negotiate a contract.

2.9.6 The NSSF shall appoint a team for the purpose of the negotiations.

- 2.12.2 The procuring entity will reject a proposal for award if it determines that the consultant recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question.

## **SECTION V - SCHEDULE OF REQUIREMENTS**

### **General**

The National social Security Fund (NSSF) was established in 1965 by an Act of Parliament (Cap 258), Laws of Kenya, in order to administer a Provident Fund Scheme for all workers in Kenya. Initially, the Fund operated as a government department under the Ministry of Labour but as its membership grew and its operations become complex, the NSSF Act was amended in 1987 which transformed the Fund into an autonomous State Corporation under a Board of Trustees, constituted by representative of three key stakeholders; Government, employers and workers.

In 2013, the NSSF Act No 45 came into force which transformed NSSF from a Provident Fund to a Pension Scheme to which every Kenyan with an income shall contribute a percentage of his/her gross earnings so as to be guaranteed basic compensation in case of permanent disability, basic assistance to needy dependants in case of death and a monthly life pension upon retirement.

The Act establishes two Funds namely, the Pension Fund and the Provident Fund, to provide for contributions to and payment of benefits out of the Fund. The mandate of NSSF is to provide quality service to all members through timely registration, collection and prudent investment of contributions, and timely payment of benefits when they fall due.

The Fund runs a business application that is based on Oracle technology that used to automate the function of registration of employers/ members, collection of contributions and payment of benefits. This application utilize Oracle products that the Fund wishes to licenses and upgrade in order to improve its service delivery and reduce the costs of operating and managing them.
